## STANDARD FLIP UP HELMETS

### BOSSWELD FLIPPY FRONT LIFT HELMET

Black plastic moulded welding helmet made from heat resistant material and features an adjustable headpiece and flip-up lens casing. Sweatband and head harness are replaceable and includes a shade 11 lens and 2 clear lenses.

#### FEATURES

- Light weight welding helmet
- Comfortable harness assembly
- Lift up front lens
- Quality ratchet on harness

#### APPLICATIONS

- Welding all processes
- Carbon arc gouging

### BOSSWELD FLIPPY

TYPE	PART NO.
Black Lift Front Helmet	700045
Sweatband Suits Black L/Front Helmet	700045B
Head Harness Suits Black L/F Helmet	700045C

### BOSSWELD HAND HELD FACE SHIELD

Black moulded plastic hand held welders face shield. Includes a shade 11 lens and 2 clear lenses.

#### FEATURES

- Light weight hand shield
- Sturdy construction
- Heat resistant handle
- Utilises 51mm x 108mm lenses

#### APPLICATIONS

- Welding shield
- Ideal for welding inspectors
- DIY

### BOSSWELD

Hand Held Shield	700050

## ECO ELECTRONIC WELDING HELMETS

Designed to provide protection to your eyes, neck and face from flash burn, ultraviolet and infrared light, sparks and heat while performing welding tasks. Manufactured under strict quality control methods, the ECO Range auto-darkening electronic welding helmet is the perfect choice for your next welding project.

### BOSSSAFE BULLSEYE ELECTRONIC WELDING HELMET

The BossSafe Bullseye is an electronic welding helmet that is expertly designed to provide protection to your eyes, neck and face from flash burn, ultraviolet and infrared light, sparks and heat while performing welding tasks.

#### FEATURES

- Wide viewing area 98mm x 35mm
- Fixed Shade 11 Lens
- Only weighs grams 440grams
- Switching speed 1/2000s
- Optical class 1/2/1/2

#### APPLICATIONS

- MIG & Arc Welding
- Carbon arc gouging

TYPE	PART NO.
Bullseye Electronic Welding Helmet	700142
Outside Cover Lens	700350
Inside Cover Lens	700351

## STANDARD FLIP UP HELMET LENSES & SPARES

### BOSSWELD CLEAR PC CHIPPING LENS

Polycarbonate (PC) Chipping Lens Clear 108 x 51mm

#### FEATURES

- Low cost chipping lens
- 108mm x 51mm
- Sturdy polycarbonate material

#### APPLICATIONS

- Replacement inner lens in standard welding helmet

TYPE	PART NO.
PC Chipping Lens Clear 108mm x 51mm	700036

**BOSSWELD**

### BOSSWELD CR39 COVER LENS

51 x 108mm CR39 is a thermoresistant composite resin, protecting the welding filter from spatter, metal and incandescent particles produced as part of the welding process. They do not protect the eyes against impact, flying particles and dangerous rays.

#### FEATURES

- Compliant to Australian Standards
- CR39 material for longer life
- Resistant to smoke and spatter
- Known in industry as 1000 hour lenses

#### APPLICATIONS

- Replacement 'front lens' in standard welding helmet

TYPE	PART NO.
CR39 Cover Lens 51mm x 108mm Clear	700035

**BOSSWELD**

### BOSSWELD MAGNIFICATION LENS

Magnification lens for use in standard helmets to magnify the work area. Available in varying diopters from 1.5 times to 2.5 times magnification.

#### FEATURES

- Magnification lens eliminates the use of glasses whilst welding
- Impact resistant
- Four strengths available
- Improves clarity of vision

#### APPLICATIONS

- Ideal if you wear bi-focal glasses
- Ideal for those whose eyesight is not what it once was

TYPE	PART NO.
Mag Lens 51mm x 108mm 1.5 Diopter	700034
Mag Lens 51mm x 108mm 2.0 Diopter	700034A
Mag Lens 51mm x 108mm 2.25 Diopter	700034B
Mag Lens 51mm x 108mm 2.5 Diopter	700034C

**BOSSWELD**

## STANDARD FLIP UP HELMET LENSES & SPARES

### BOSSWELD WIDE VIEW CLEAR WELDING LENS

Replacement clear lens suitable for wide view welding helmets 114mm x 133mm

#### FEATURES

- Compliant to Australian Standards
- CR39 material for longer life
- Resistant to smoke and spatter

#### APPLICATIONS

- Replacement in 'front lens' in 114mm x 133mm

TYPE	PART NO.	TYPE	PART NO.
Clear Lens Wide View 114mm x 133mm	700022	Clear Lens 110 x 98 x 1.0mm (Polycarbonate)	711098

## HEARING PROTECTION

### BOSSSAFE 25DB EARMUFF

Yellow cup earmuff with foam head cushioning. Rated to 25 decibels.

#### FEATURES

- Light weight
- Cushioned head harness
- 25 decibel rating
- Compliant to CE-EN 352-1
- Reduces damage to the ear drum

#### APPLICATIONS

- All applications from medium to moderate noise areas
- Workshops and work sites

TYPE	PART NO.
Earmuff 25DB Caps w/head Cushion	700100

**BOSSSAFE**

### BOSSSAFE EM4 EARMUFF

A lightweight, three point adjustable ear muff. 25 decibel rating, approved to AS/NZS 1270-2002.

#### FEATURES

- Stylish and light weight
- 3 point adjustment
- 25 decibel rating
- Compliant to AS/NZS 1270-2002
- Reduces damage to the ear drum

#### APPLICATIONS

- All applications from medium to moderate noise areas
- Workshops and work sites

TYPE	PART NO.
EM-4 Earmuff	700097

**BOSSSAFE**

### BOSSSAFE EM5 EARMUFF

A three point adjustable ear muff, lightweight with vinyl cushion for head support. 28 decibel rating.

#### FEATURES

- Stylish and light weight
- 3 point adjustment
- 28 decibel rating
- Compliant to AS/NZS 1270-2002
- Reduces damage to the ear drum

#### APPLICATIONS

- All applications from medium to moderate noise areas
- Workshops and work sites

TYPE	PART NO.
EM-5 Earmuff	700098

**BOSSSAFE**

## RESPIRATORY PROTECTION

### BOSSSAFE DISPOSABLE COMFORT MASK

Disposable mask made from lightweight material to provide relief from nuisance dust, pollen, sawdust and non toxic dusts.

#### FEATURES

- Light weight
- Adjustable 'nose bridge' clip
- Excellent for reducing inhalation of particulate
- Provide good value for money

#### APPLICATIONS

- Removal of particulate and non toxic dust
- Grinding
- Sweeping floors

**BOSSSAFE**

TYPE	PART NO.
Disposable Face Mask	700085

### E.A.R NEONSOFT TAPERED EAR PLUGS

Tapered, disposable, self forming yellow foam ear plugs.

#### FEATURES

- Compliant to AS1270
- Soft and easy to use
- Expands firm in the ear canal
- Comfortable to wear
- Reduces damage to the ear drum

#### APPLICATIONS

- All applications from medium to moderate noise areas
- Workshops and work sites

TYPE	PART NO.
E.A.R Neonsoft Tapered Ear Plugs x 200 33DB	700094

## WELDERS APPAREL & CLOTHING

### BOSSSAFE FR40 SKULL CAP WITH NAPE

Manufactured from a lightweight, flame retardant material, providing protection for top of the head and hair.

#### FEATURES

- Light weight
- Flame retardant
- Protects the head
- Comfortable to wear

#### APPLICATIONS

- Welding workshops
- Site welding
- All applications where the risk of spatter entering the top of helmet, ie: overhead welding

**BOSSSAFE**

TYPE	PART NO.

## WELDERS APPAREL & CLOTHING

### BOSSSAFE LEATHER WELDERS SPATS

Chrome leather welding spats to protect footwear, heavy duty sewing. Sold in pairs.

#### FEATURES

- Heavy duty chrome leather
- Protects welders feet when welding
- Heavy duty sewing

#### APPLICATIONS

- Welding workshops
- Site welding
- All applications where the welders feet needs protection

TYPE	PART NO.
Welders Leather Spats - Pair	700006

**BOSSSAFE**

## HAND PROTECTION

### BOSSSAFE BLACK & GOLD 16" INCH WELDING GLOVES

High quality cow split leather for comfort and economy with a reinforced palm to first finger for added durability. Lined and welted 406mm (16 inches) long for forearm protection, one size fits all.

#### FEATURES

- Heavy duty welding gauntlet
- Additional reinforcing on the palm
- 40cm leather
- Kevlar stitched
- Internal lining

#### APPLICATIONS

- Welding workshops
- Site welding
- Where additional protection from welding is required

TYPE	PART NO.
16inch Black & Gold Welding Glove	700010

**BOSSSAFE**

### BOSSSAFE GREEN & GOLD 16" INCH WELDING GLOVES

High quality cow split leather for comfort and economy with a reinforced palm to first finger for added durability. Lined and welted 406mm (16 inches) long for forearm protection, one size fits all.

#### FEATURES

- Heavy duty welding gauntlet
- Additional reinforcing on the palm
- 40cm leather
- Kevlar stitched
- Internal lining

#### APPLICATIONS

- Welding workshops
- Site welding
- Where additional protection from welding is required

TYPE	PART NO.
16inch Green & Gold Welding Glove	700009

**BOSSSAFE**

## HAND PROTECTION

## BOSSSAFE LEFTIES 16" INCH WELDING GLOVES

Bossafe is highly respected for its quality, performance levels and reliability. The left-handed gloves wear out faster than the right. Lefties are designed for durability and comfort utilising quality leather and cotton liners. The heavy duty gauntlet is ideal for welding and industrial applications, with Kevlar stitching, they are 40cm long and come in a pack of two gloves.

## FEATURES

- Heavy duty welding gauntlet
- 2 left-handed gloves per pack
- Kevlar stitched

## APPLICATIONS

- Welding workshops
- Site welding
- Where additional protection from welding is required

TYPE	PART NO.
Left Hand Red - Lefties	700010L

BOSSSAFE

## BOSSSAFE KEVLAR STITCHED 16" INCH WELDING GLOVES

The yellow Kevlar is designed for extra durability with reinforcement on the palm, thumb and knuckle area. The extra reinforcing knucklebar strip across the back of the hand protects the knuckles and offers additional abrasion protection, all seams are sewn with heat resistant Kevlar thread for extra durability.

## FEATURES

- Heavy duty welding gauntlet
- Additional reinforcing on the thumb, knuckle and palm
- Heavy duty kevlar stitching
- Internal lining

## APPLICATIONS

- Welding workshops
- Site welding
- Where additional protection from welding is required

TYPE	PART NO.
Yellow Kevlar Stitched Welding Glove	700008

BOSSSAFE

## BOSSSAFE SOFTIE 16" INCH WELDING GLOVES

The Bossafe Softie, offers comfort and practicality, with the most comfortable welding glove on the market. Reinforced lining on the back and palm, the Softie is the welders choice.

## FEATURES

- Comfortable and practical
- Reinforced lining on the back
- Reinforced lining on the palm

## APPLICATIONS

- Welding workshops
- Site welding
- Where additional protection from welding is required

TYPE	PART NO.
16inch Softie Welding Glove	700016

# SAFETY

## HAND PROTECTION

### BOSSSAFE PAWS 16" INCH WELDING GLOVES

The BossSafe Paws boasts both practicality and an innovative design. Sock lined for comfort, Kevlar stitched for durability, the gloves main feature is the double reinforced cuff, for extra protection to the forearm and wrist.

#### FEATURES

- Sock lined for comfort
- Kevlar stitched
- Double reinforced cuff

#### APPLICATIONS

- Welding workshops
- Site welding
- Where additional protection from welding is required

TYPE	PART NO.
16inch Paws Welding Glove	700017

**BOSSSAFE**

### BOSSSAFE LONG TIG WELDING GLOVES

Our pigskin Long TIG gloves offer excellent abrasion resistance and allows the operator to keep the dexterity in the fingers, offering an excellent sense of touch.

#### FEATURES

- Super soft TIG glove
- Pig leather for extra feel
- High operator appeal
- Good 'feeling' of TIG rods

#### APPLICATIONS

- Welding workshops
- Site welding
- TIG Welding

TYPE	PART NO.
TIG Welding Glove - Long	700011

**BOSSSAFE**

### BOSSSAFE GOAT TIG WELDING GLOVES

White goat skin TIG glove, reinforced tipping on back of 2nd and 3rd fingers, black cow split cuff, Kevlar stitching, unlined, (32cm for size M, 34cm for size L, 35cm for size XL).

#### FEATURES

- Reinforced tipping on the back of the 2nd and 3rd fingers.
- Black cow split cuff
- Kevlar stitching
- Goat skin gloves
- Soft feel

#### APPLICATIONS

- Welding workshops
- Site welding
- TIG Welding

TYPE	PART NO.
Goat TIG Glove - Medium	700015M
Goat TIG Glove - Large	700015L
Goat TIG Glove - Extra Large	700015XL
